

**UNICA SUPER DERM 1200**

**DESCRIPTION**

Pink protective & conditioner cream with a light almond fragrance formulated for hands. It forms a barrier film between the skin and irritating liquids such as: alcohol, urine, detergents, alkaline, acid, working liquids. This cream also keeps the skin soft and hydrated.

**DIRECTIONS**

Before work, apply a small amount on clean and dry skin, rub well for penetration. Repeat operation every four hours for more protection. After work, use the cream as protection against chaps. Food handlers must wash and rinse their hands with drinking water before handling food products.

**TECHNICAL DATA**

Appearance .....	Soft cream
pH (as is) .....	6.0 - 7.0
Viscosity ( 21 °C ) .....	20000 cps
Colour .....	Pink
Fragrance .....	Discrete almond
Characteristic .....	Natural ingredients
Biodegradability .....	Complete
