pH (as is).....	1.0 (Very Acidic)
Density (20°C).....	1.15 g/cc
Colour.....	Clear
Fragrance	None
Characteristic	Corrosive
Biodegradability	Complete
Flash Point.....	More than 95°C
Freezing Stability.....	Keep out from freezing.

Degradability determined in accordance with OECD no. 301D.

DIRECTIONS

Dilutions rates recommended:

- Light Duty Cleaning: 1 : 50
- Normal Cleaning: 1 : 30
- Heavy Duty Cleaning: 1 : 20

Apply the solution from the bottom to the top with a brush or a sprayer, keeping the surface always wet. If necessary, scrub the surface to remove tough deposits. Rinse thoroughly with water. Do not let dry the product on surfaces without rinsing.

WARNING: Do not apply on glass, windows and windshield
